### Letter of Recommendation

Subject: Recommendation letter for internship candidate Mr. Manish Pandey

To whom it may concern,

I am writing this letter in order to support Mr. Manish Pandey and his desire to join your company. I have been acquainted with Manish Pandey for two Months and I have observed all his attributes very seriously during this time. Being an intern, Manish is sincere, punctual, and obedient against the popular conception of the people of his age being rude or unprofessional.

When Manish applied for an internship here at SSJ IT Solutions Pvt. Ltd. for the post of Frontend Development intern, we were amazed by his experience in the field. We were surprised to see his enthusiasm and an unquenchable thirst for learning new things. Manish joined us for a period of two months and proved to be an excellent asset to our team.

What impressed our HR team the most was the fact that he was well versed with the concept of agreements and well aware of his worth. His work spoke for itself and never in his tenure at this company did we ever have to encounter an unpleasant scenario due to his fault. Every role that was given to him was justified and we are proud to have given a chance to such a talented young man.

I believe in his ability to choose the right career path for himself. He needs to move forward in his life. I have no doubt about the fact that he is going to be an extraordinary addition to your team and all of us wish the best for him. If you have any other questions regarding Manish's conduct and behavior, feel free to email or call me at the above-mentioned address and phone number.

Regards,  
Shivam Singh,
